Press Release

Asia World Port Management (AWPM) donates medical and safety equipment to Myanmar Port Authority

Yangon, 19 May 2020 – Today, Asia World Port Management (AWPM), the port infrastructure arm of Asia World Group of companies, donated medical equipment and supplies to the Myanmar Port Authority (MPA), as part of a joint effort to combat the Covid-19 pandemic. The donation, while observing social distancing manners, occurred at the office of the Myanmar Port Authority and was attended by U Ni Aung, Managing Director of MPA and his members, and the Asia World Port Management team.

U Ni Aung, Managing Director of MPA receives medical equipment

The donated equipment and supplies included:

- 1. Mask x 10,000 Units**
- 2. Thermometer x 50 Units**
- 3. PPE Suit x 100 Units**
- 4. Gloves x 3000 Pair Units**
- 5. Goggles x 430 Units**
- 6. Hand Sanitizer (500 ml) x 120 Units**
- 7. Hand Sanitizer (100 ml) x 360 Unit**

Myanmar is undergoing great challenges with the COVID-19 situation and taking the necessary steps for preparation in preventive measures. This donation will assist in every health aspect for the people in the prevention, containment, and treatment of COVID-19.

U Sai Myint Thein, Director of AWPT, said, “AWPM and the group understand that we cannot fight the pandemic alone and that together, with our partners and stakeholder, we will be able to overcome these challenging times.”

We are in this together!

About Asia World Port Terminal

Built on the vision of a long-term plan to meet the growing development of the country through effective transport infrastructure, Asia World Port Terminal’s port facilities were the first local private investment in 1996 as part of a national initiative to develop the Ports of Yangon.

Since then, AWPT has established itself as one of the leading players delivering quality, efficient, and professional port services that are in line with international service standards. With trade flows expected to grow in line with Myanmar’s development, AWPT is committed to ensuring quality standards and continued investments in new technology as well as human resources to meet demand.
